### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The Department has received a Request for Application (RFA) for the 2007 Paul Coverdell Forensic Sciences Improvement Program. Upon submission and acceptance of the application to OES, the Department will receive \$170,282 in grant funding. These funds shall be utilized by the Department to secure continued education and training programs for the Department's full-time forensic scientists.

In complying with the objective of this funding opportunity, the allocation will be used to send members of the Department's forensic staff to educational and training seminars designed to improve the quality, timeliness, and credibility of Departmental investigations and evidence examinations. In addition to these positive outcomes, the Department's forensic scientists will also be afforded the opportunity to learn modern industry-specific skills and techniques which will allow for more efficient and effective investigations.

The curriculum of the educational and training seminars will include both theoretical and practical components. ~~These components will be established and developed by the~~ California Attorney General's Science Task Force and the National Institute of Justice. These organizations will assist the Department in maintaining its American Society of Crime Laboratory Directors/Laboratory Accreditation Board (ASCLD/LAB) accreditation.

### **Implementation of Strategic Plan Goals**

The Paul Coverdell Forensic Sciences Improvement Program grant supports two goals within the Los Angeles County Strategic Plan. Specifically, the Department will realize the achievement of Goal 2, Workforce Excellence, as well as Goal 3, Organizational Effectiveness. Grant funds will be directed toward the continuing education and training of the Department's forensic scientists. Not only will they be provided with valuable professional skills and techniques, but the Department will benefit from a more efficient and effective forensic program.

### **FISCAL IMPACT/FINANCING**

The Paul Coverdell Forensic Sciences Improvement Program grant program will provide \$170,282 in funding to the Department. Under this program, the County is not required to contribute matching funds. The grant offsets the total program costs, therefore, no impact to net County cost.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

There will be no impact on the Department's current services and/or projects.

**CONCLUSION**

Upon approval by your Board, the Department requests that your Board please provide four (4) individually adopted copies of this action and two (2) executed originals of the attached Certification of Assurance of Compliance to the Department's Grants Unit.
